RAINBOW MOUNTAIN TOUR & RED VALLEY HIKE

1 Day Trip

See Rainbow Mountain on a 1-day trip from Cusco!

The rich colors of this unique mountain make the Rainbow Mountain hike truly one-of-a-kind. Quickly growing in popularity, you should visit this Peru must-see before the rest of the world discovers it.

The Rainbow Mountain hike is about 2 hours of challenging terrain and high altitude, but the views at the end of the hike are well worth the effort. With vibrant sandstone stripes covering the entirety of this mountain, we promise this moment will be one of the best on your Peru adventure!

BEST Equipment, Food, and Support Crew for the Treks

Our Team represent the Peruvian people, both men, and women who are at the heart of our company.

People who know all of the secrets of the land, the best way to trek and also tons of information about every site visited.

Our Porters represent the Peruvian people, both men, and women who are at the heart of our company. It is not possible to create the experience we provide without the unbelievably hard work of our team of porters

Being a trekking chef for the Inca Trail or any adventure towards Machu Picchu is not easy at all. A trekking chef needs to carry all the needed gear for every day's meals

Alpaca is dedicated to making sure we have the best equipment available. Casual Adventure Camping Store is a family owned business in the United States, that is dedicated to the outdoor travelers' needs. They help us provide all of our equipment.

All food is prepared from fresh ingredients, that are purchased in the Cusco local market. We do not use any canned or rehydrated food. It is all fresh, healthy and delicious!

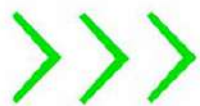

**Differentiation
from
Competitors**

Implementing a quality management system at ALPACA EXPEDITIONS enhances service quality, exceeding client expectations by identifying strengths, weaknesses, and opportunities.

The purpose of this ISO implementation is to reduce environmental impact. Our organization is dedicated to protecting the environment by managing the environmental risks associated with our activities in natural settings.

ALPACA EXPEDITIONS ensures client safety in adventure trekking by identifying dangers and risks, applying controls based on each Inca Trail route's geography, modality, and activities to guarantee secure services.

ALPACA EXPEDITIONS ensures a safe work environment by implementing an occupational health and safety system. Workers adopt policies, identify and manage risks, contribute improvements, and report to an OSH supervisor.

Alpaca Expeditions is registered in Peru's Ministry of Environment Carbon Footprint program, evaluating and reducing greenhouse gas emissions to promote sustainable growth, optimize resources, and achieve low-carbon, profitable
